### Learning Opportunity

The look of the Grade 6 Math Provincial Achievement Test has changed for June 2017. In this series of two webinars, we will look at the new guidelines for the administration of the Math 6 PAT (Part A & B) as well as the Alberta Education resources that are available. We will also spend time looking at strategies and activities that will support students to help them write confidently.

This learning opportunity is being provided through a grant from Alberta Education.

---

### Presenters

#### Cathy Coers

Cathy has been a classroom teacher for over 20 years and has earned her Master's Degree in the Science of Education focusing on the Art and Science of Teaching. Over the last 10 years, she has gained experience supporting her teaching colleagues through the roles of Learning Coach, Math Curriculum Implementation

Lead, and AISI Leader. She has helped teachers grow in the areas of instructional practices, assessment, literacy, technology, as well as mathematics.
