Learning Opportunity

Join us once a month to play with words! Our time together will be divided between learning a new concept or idea related to orthography (morphology, phonology, etymology -- also known as why we spell words the way that we do) and sharing what we are doing in our classrooms as we work with students to develop their understanding of words and how they are built. These sessions are meant to be collaborative and stress-free. Gather with other educators throughout the province who are interested in vocabulary and spelling development. Registration will remain open throughout the year so it's never too late to join us!
